SECTION I

PROGRAM INTRODUCTION

This section describes the overall Procurement Technical Assistance Program (PTAP), general eligibility to participate in the program, and how awards are planned to be made under this Solicitation for Cooperative Agreement Applications (SCAA). The SCAA shall not be considered to be an offer made by the Department of Defense (DoD), nor does it commit DoD or the Defense Logistics Agency (DLA) to make any awards under this program.

A. BACKGROUND

The DoD's efforts to increase competition in the private sector to satisfy its requirements for products and services have been supplemented by many state and local governments, and other entities which operate PTA programs. The DoD PTAP provides DoD assistance to state and local governments and other nonprofit organizations (hereafter referred to as eligible entities) by sharing the cost of establishing new and/or maintaining existing PTA programs. This assistance will be provided by DoD in the form of matching funds in accordance with Title 10, United States Code (USC), Chapter 142, as amended.

B. AUTHORITY

Title 10, United States Code (USC), Chapter 142, as amended, authorizes the Secretary of Defense, acting through the Director, DLA, to enter into cost sharing cooperative agreements to support PTA programs established by eligible entities.

C. ADMINISTRATIVE REQUIREMENTS

1. Title 10 USC, Chapter 142.
2. DoD Grants and Agreement Regulation (DoDGAR), which is Title 32, Code of Federal Regulations (CFR) parts 21-34.
3. Office of Management and Budget (OMB) Circulars pertaining to educational institutions, state and local governments and nonprofit organizations.
4. The PTA Cooperative Agreement Program is covered by Executive Order 12372. This order provides for review of proposed federal assistance by state and local governments. Therefore, applications submitted for funds under this SCAA may be subject to the clearance procedures and requirements established by the state(s) in which their programs will be conducted. Consequently, applicants are reminded that they may have to initiate clearance action through appropriate state clearing houses prior to submitting their application to the DLA Office of Small and Disadvantaged Business Utilization.
5. This SCAA supersedes all previous versions and the terms, provisions and requirements of all previous versions do NOT apply to any PTAP award made subsequent to the issuance of this SCAA. Applicants should not rely on the information or guidance contained in previous versions of the SCAA when applying under this SCAA.

D. PROGRAM MANAGEMENT

1. The DLA Director of Small and Disadvantaged Business Utilization is responsible for the management of the PTA program including the issuance of this SCAA, evaluating applications received and the awarding of cooperative agreements.

E. PURPOSE AND OBJECTIVES

1. To provide eligible entities with DoD support so that these eligible entities may provide specialized and professional assistance to individuals and businesses seeking to learn about contracting and subcontracting opportunities, actively seeking contracting and subcontracting opportunities, and/or performing under contracts and subcontracts with DoD, other federal agencies, or state and local governments. This specialized and professional assistance may consist of, but is not limited to outreach and counseling type services as described in Section III of this SCAA. Participants in this program are expected to make a concerted effort to seek out and assist Small Businesses, Small Disadvantaged Businesses (SDB), Women-Owned Small Businesses (WOSB), Historically Underutilized Business Zone (HUBZone) Small Business Concerns, Service-disabled Veteran-owned Small Businesses, and Historically Black Colleges and Minority Institutions (HBCU/MIs).

F. ELIGIBILITY

1. Applicants must qualify as an “eligible entity” as defined under Section II, paragraph 19.
2. Entities listed in the General Services Administration’s (GSA) “Lists of Parties Excluded from Federal Procurement or Non-procurement Programs” are not eligible for an award. An entity that employs any person listed in the GSA’s “Lists of Parties Excluded from Federal Procurement or Non-procurement Programs” is not eligible for an award.
3. Only entities proposing programs that do not exceed the following funding limitations are eligible:
 - a. For a program planning to provide services in a non-distressed area, DoD’s cost sharing shall not exceed 50 percent of net program cost (NPC). In addition to the percentage requirements, the value of assistance furnished by DoD cannot exceed \$150,000, or in the case of a statewide program, cannot exceed \$600,000.
 - b. For a program planning to provide services in a distressed area, DoD’s cost sharing shall not exceed 75 percent of NPC. In addition to the percentage requirements, the value of assistance furnished by DoD cannot exceed \$150,000, or in the case of a statewide program, cannot exceed \$600,000.

- c. For a program that plans to service both non-distressed and distressed areas, the percentage requirements will be allocated in accordance with a. and b. above. The value of assistance furnished by DoD (total of both non-distressed and distressed area costs) cannot exceed \$150,000 for less than a statewide program, or \$600,000 for a statewide program.
4. Applications will not be accepted from applicants that apply as equal partners or equal joint ventures. Only one organization can take the lead and have primary responsibility for the proposed program.
5. Only one application will be accepted from a single eligible entity. An entity that submits more than one application, or is listed as a sub-agreement applicant in another eligible entity's application will not be considered for an award.

G. APPLICATIONS.

1. All eligible entities are invited to submit applications for participation in the DoD PTAP in accordance with Section IV of this SCAA.
2. In the event that insufficient funds are available to award all applications that meet the requirements of this SCAA, only those applications found to be the most meritorious will be funded for an award (see Section VI).
3. Applications submitted in response to this SCAA must propose an initial performance period of 12-months.

H. AWARDS.

1. Cooperative Agreement Awards will be made in accordance with Section V of this SCAA.
2. The award of a cooperative agreement under this program shall not, in any way, obligate DoD to enter into a contract or give preference for the award of a contract to an individual or business concern which is or becomes a client of a cooperative agreement award recipient.
3. If selected for an award, the applicant shall perform the services described in its application and amendments thereto that shall be incorporated into the cooperative agreement award document by the Grants Officer (GO). In addition, the clauses set forth in Section IX shall be incorporated as part of the award.

- I. FUNDING PRIORITY.** Pursuant to P.L. 107-314, funding priority will be given to applicants that are existing programs (see Section II, definition 21) and have a successful performance record. This priority will be reflected in the greater significance given to the past performance evaluation factor that will be applied to these existing programs under Section VI.

J. AWARD PERIOD.

Applicants selected for award will be awarded a cooperative agreement for a base year award period of 12 months. The government intends to award the initial base year awards during the fourth quarter of FY 2003, however, those applicants selected for award that have also been awarded other PTAP funding in FY 2003, shall be awarded in FY 2004. All award recipients will be eligible to have their award agreements extended for **four (4)** additional option periods (see Section VIII of this SCAA). However, the award of all options shall be contingent upon the continuance of enabling legislation, availability of funds and a demonstrated acceptable level of performance by the recipient.

K. ADDITIONAL AWARDS AFTER BASE YEAR.

For the option periods, funding priority will be for award of existing program options at their then current level. Should there be remaining funds available, applications for additional new programs will only be accepted from those applicants proposing to service an area not currently receiving an acceptable level of service by an existing program. In addition, existing programs may also request funding increases if funds are available. In those years where it is determined that funds are likely to be available in order to accept applications for additional new programs and allow increases in existing programs, a public notice will be published in the *Federal Register* announcing when applications for additional new programs will be accepted. Such applications shall be submitted in accordance with Section IV of this SCAA, and as may be amended by the *Federal Register* notice. Selection and award of additional new programs and increases in existing programs will be in accordance with Sections V and VI of this SCAA and as may be amended by the *Federal Register* notice.

L. AMENDMENT OF AGREEMENT.

The only method by which agreements can be amended is by a formal written modification signed by the GO or the Administrative Grants Officer (AGO). No other communications, whether oral or in writing, are valid methods of amending the agreement.

M. DISPUTES AND CLAIMS.

Disagreements regarding matters of fact between the recipient and the GO/AGO which arise during the performance of the agreement shall be resolved by negotiation to the maximum extent practicable (see Section VII paragraph F.) Failure of the parties to agree will be resolved pursuant to the provisions of 32 CFR 22.815.

N. APPEAL AUTHORITY.

The DLA General Counsel is the final administrative appeal authority for this program.

SECTION II

DEFINITIONS

The following definitions, in addition to those contained in the DoDGARs and OMB circulars apply for the purpose of this SCAA:

1. **Active Client.** A client that has received Procurement Technical Assistance within the last 12 months.
2. **Administrative Grants Officer.** A person with the authority to administer grants or cooperative agreements consistent with the authority delegated by the Grants Officer.
3. **Availability of funds.** For the purpose of this SCAA, the terms "availability of funds" , "funds are available" and "available funds" all refer to the total amount of funds available or to be made available for the PTAP for the base year awards. Subsequent to the base year, this term will apply to the amount of funds available or to be made available for an option period.
4. **Bid Matching.** A type of procurement technical assistance provided by matching profiles such as words, stock numbers, federal supply classes, item names, CAGE codes, either collectively or separately for the purpose of determining if a solicitation (bid) offered by the Government is of interest to a client or business.
5. **Cash Contributions.** Recipient's cash outlay, including the applicant's share of program income from existing or previous programs accrued prior to the date of SCAA application submission. This does **not** include anticipated program income. Cash contributions also includes money contributed to the recipient by third parties.
6. **Central Contractor Registration (CCR) database.** The primary DoD repository for contractor information required for the conduct of business with DoD.
7. **Civil Jurisdiction:** All cities with a population of at least 25,000 and all counties. Townships of 25,000 or more population are also considered as civil jurisdictions in the states of Michigan, New Jersey, New York, and Pennsylvania. In Connecticut, Massachusetts, Puerto Rico, and Rhode Island, where counties have very little or no government functions, the classifications are done for individual towns.
8. **Client.** An individual or a business that is seeking or may potentially seek to market its goods and/or services as a prime contractor or subcontractor to DoD, other federal agencies, and state or local governments that has received Procurement Technical Assistance from a Procurement Technical Assistance Center (PTAC). An individual or business may be classified as a client as the result of an initial counseling session.
9. **Commercial and Government Entity (CAGE) code.** The five position code that identifies contractors doing business with the Federal Government, NATO member nations, and other foreign governments. The Defense Logistics Information Service (DLIS) has sole responsibility for assigning and maintaining the CAGE Code Master File. The DLIS website address is: <http://www.dlis.dla.mil/>.
10. **Consultant Services.** Marketing and technical assistance obtained from private nonprofit and/or profit-making individuals, or business entities to augment the capabilities of the PTAC. Consultant Services are those services obtained from a third party (except those being donated or otherwise provided to the PTAC at no costs) to perform activities that are central to the purposes of the cooperative

agreement and directly benefit the PTAC clients. These services are subject to a 10 percent limit as stated in Section III, Paragraph A.

11. **Cooperative Agreement.** A binding legal instrument reflecting a relationship between DLA and the cooperative agreement recipient when the principal purpose of the relationship is to transfer a thing of value to the recipient to carry out a public purpose of support or stimulation authorized by a law of the United States instead of acquiring property or services for the direct benefit or use of the United States Government. Substantial involvement is expected between DLA and the recipient when carrying out the activity contemplated in the agreement.
12. **Cooperative Agreement Award Recipient.** An organization receiving financial assistance directly from DLA to carry out a PTA program. Awards will only be made to eligible entities recognized under the laws in the state in which the entity is organized.
13. **Counseling Session.** A documented event, including, but not limited to, a telephone call, correspondence, e-mail, or personal discussion held with a business firm/client, where professional guidance is provided to assist the business firm/client in marketing its goods and/or services to DoD, other federal agencies, and state and local governments. This includes, but is not limited to, providing advice and assistance such as:

 - f. Providing information to business firms/clients on the DoD Mentor-Protégé Pilot Program, Electronic Commerce (EC), HUBZone Empowerment Contracting Program, subcontracting opportunities with contractors holding government prime contracts, and commercial item acquisitions.

The distribution of publications, specifications, and bid matches is not a counseling session. However, if such actions result in an award to an active client that award may be counted on the DLA 1806 “Procurement Technical Assistance Cooperative Agreement Report” submission. Simply referring business firms/clients to another source for advice or assistance is not a counseling session nor can any resulting award be counted on the DLA 1806 submission.
14. **County Equivalent.** The term “parish” for the state of Louisiana and “borough” for the state of Alaska. For those states where cities are independent of counties, such cities meet this definition. In addition, a “reservation” as defined at paragraph 23 of this Section, is a county equivalent for the purposes of this SCAA.
15. **Data Universal Number System (DUNS) number.** The 9-digit number assigned by the Dun and Bradstreet Information Services to identify unique business entities.

16. **Data Universal Numbering System+4 (DUNS+4) number.** The DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. However, consistent with recipient policy, lower limits may be established. Title will vest with the recipient in accordance with 32 CFR 32.34 or 33.32. DLA does not contemplate furnishing any equipment as a result of this SCAA.

Two or more existing programs that subsequently combine or merge their organizations into a single eligible entity will also be considered to be an existing program even if the resulting eligible entity so formed is a new organization and/or corporation. SECTION III PROGRAM REQUIREMENTS

This section describes what an applicant must propose to have in place and what functions it will perform in order to be awarded a cooperative agreement as a result of this SCAA.

A. RESOURCES.

Applicants shall have the resources necessary to implement the proposed program. As a minimum, these resources shall consist of:

1. Personnel. The applicant must employ, utilize or otherwise have available individuals who are qualified to satisfy the requirements of paragraphs B., C. and D. below. Personnel qualifications should relate to the services being offered by the applicant. Qualification standards for all positions (filled and vacant) and resumes for filled positions for the applicant and the applicant's sub agreement(s) must be on file at the PTAC and available for review by the GO/AGO upon request. Each applicant shall have a Program Manager, employed on a full-time basis (i.e. must devote 100% of his/her time as Program Manager). The Program Manager's salary and fringe benefits must be charged to and paid from the PTAP funds. The Program Manager is considered to be a key personnel and must have appropriate management qualifications; although not specially required, direct experience in Government Contracting is highly desired. Any change in Program Manager or duties must be approved in advance by the AGO.
2. Funds. The applicant must propose a budget (that is within the DoD cost sharing limits set forth in of Section I, paragraph F.3.) that adequately demonstrates that it will support the PTA program that the applicant proposes. The applicant must then clearly show a source of funds (both cash and in-kind) for this budget. **Anticipated or projected program income may not be used for this purpose.** The applicant must certify and maintain records to verify that its cost-matching share is available for expenditure. The cost-matching share must include the applicant's share of cash and in-kind contributions from all sources. **The amount of third party in-kind contributions is limited to 25% of the total program cost.**
3. Facilities. The applicant and its proposed sub recipients shall have a facility for providing counseling sessions for clients. Recipients shall operate their PTACs during the normal business hours of their state or local government or PTAC's parent organization throughout the effective period of the cooperative agreement.

Applicants may supplement their resources with consultant services (as defined in Section II, paragraph 10.), however, **the cost of such services is limited to 10% of total program cost.**

B. SERVICE AREA.

1. Applicants must propose to service, at a minimum, an entire county or equivalent (i.e., parish, borough, etc.). In addition, if an applicant proposes to service any portion of a

county or equivalent, the applicant must service the entire county or equivalent. However, an applicant may propose to service an entire county, parish, borough, etc. that contains a portion of a reservation but need not service that entire reservation; rather it may only service that portion of the reservation within that county, parish, borough, etc.. Likewise, an applicant may propose to service an entire reservation that may extend among several counties, parishes, boroughs, etc. but the applicant need not service entirely those counties, parishes, borough, etc. in which the reservation lies. Applicants are cautioned that there is a 25% limit to the degree that they may duplicate the service area that another applicant(s) proposes to service. See Section V, paragraph D.

2. An Indian Tribal Organization proposing to provide service to an Indian Tribe or Indian Reservation must first obtain the approval of the Indian Tribe
3. Each cooperative agreement recipient's area of performance will be limited to the county(ies) or equivalent specified in its cooperative agreement award. Recipients may voluntarily service clients outside their area of performance provided they coordinate this service with the PTAP award recipient, if any, that is responsible for that client's area.

C. METHODS AND PROCEDURES.

The applicant shall have methods and procedures in place addressing the following:

1. Service Area. Prior to submitting an application, the applicant will perform an analysis of the area to be serviced. The analysis will include:
 - a. the category of business firms (i.e., SB, SDB, HUBZone, etc.);
 - b. the types of business firms (e.g., machine shops, construction companies, accounting firms, etc.);
 - c. total estimated number of clients the recipient plans to service during the performance period, broken down by SB, SDB, HUBZone, etc.;
 - d. the total number of active clients included in the recipient's data base.
 - e. any special efforts the PTAC will expend in generating employment within the service area.
2. Outreach Effort. The applicant will have an on going outreach procedure in place which will include:
 - a. how the business community will be made aware of the PTA Program;
 - b. the types of assistance to be offered to clients;
 - c. what is required of a business firm to become the PTAC's client;
 - d. the total number of procurement outreach conferences the recipient plans to sponsor;
 - e. the total number of procurement outreach conferences the recipient plans to participate in other than as a sponsor.
3. Counseling Services –Applicants **must** provide clients with counseling and information regarding marketing their goods and services to DoD, other federal agencies, and state and local governments. Section V

AWARD PROCEDURES

All applications submitted in response to this SCAA will be reviewed and processed in accordance with the following procedures. The government contemplates that multiple awards will be made as a result of the applications received in response to this SCAA.

A. ACCEPTABLE APPLICATION DETERMINATION.

The GO will evaluate each application received to assure the applicant:

1. is able to demonstrate that it can satisfy all the requirements stated in Section III.
2. does not propose subcontracting costs of more than 10% of total program costs for consultant services.
3. certifies the availability of its cost or matching share.
4. does not propose more than 25% of its total program costs to be in the form of third party in-kind contributions.
5. has submitted only one application.
6. has submitted an application for an initial performance period of 12 months.
7. meets all the eligibility criteria listed in Section I., paragraph F.
8. has submitted an original SF 424 that has been signed by a responsible official authorized to bind the eligible entity and the SF424 was received at the designated location prior to the closing date for submission.
9. has submitted all required documents and otherwise meets the requirements of the SCAA.

Applications that fail to meet all the above requirements may be removed from further consideration for an award by the GO, and the applicant will be promptly notified of the reason for removal. All applications, successful and unsuccessful, will be retained by the GO.

B. CLARIFICATIONS.

The GO will provide an applicant the opportunity to cure any deficiency resulting from informality or irregularities contained in the offer or waive the deficiency, when it is to the advantage of the government to do so.

C. DUPLICATE COVERAGE.

Applications whose proposals produce a duplicate coverage situation will be reviewed by the GO to determine if the extent of duplicate coverage is acceptable or unacceptable. A duplicate coverage situation shall be deemed **unacceptable** if any of the following occur:

1. An applicant proposes to provide PTA services to more than 25 percent of the total number of counties that another applicant is proposing to service.
2. Two or more applicants ***cumulatively*** propose to provide PTA service to more than 25 percent of the total number of counties that another individual applicant proposes to service.
3. Two or more applicants apply as statewide programs servicing the same state.

Applicants that propose to provide service primarily to reservations (at least 75% of their total program cost will be dedicated to providing service to reservations) will not be considered to duplicate applicants that do not propose to provide service primarily to reservations, notwithstanding the areas either propose to service .

When the GO determines that an unacceptable duplicate coverage situation exists, only applicants determined to be most meritorious among those proposing the duplicate coverage situation using the selection procedures listed in Section VI will be considered for award.

D. COOPERATIVE AGREEMENT AWARD.

To the extent funds are available, all applicants submitting acceptable applications based upon the criteria listed above, will be awarded a cooperative agreement as stated in Section I, paragraphs H. and J. If sufficient funds are not available, all acceptable applicants will be evaluated in accordance with the Evaluation Plan set forth in Section VI. Awards will then be made to the most meritorious applicants in the following order:

1. existing programs will first be funded at a level that they are currently receiving. This will be accomplished prior to any existing program receiving additional funds in excess of their current level of funding or any new program being funded.
2. new program applicants; new programs applying as a statewide program will first be limited to receiving not more than \$300,000 at this phase of the award cycle.
3. if any funds remain available, requests for increases of funding over their current funding levels by existing programs will then be funded. Should sufficient funds not be available to accommodate all increases in funding applied for by existing programs, the Grants Officer may request existing programs that are applying for increased funding to reduce their request for increased funding.

4. if any funds remain available new program applicants that were awarded pursuant to paragraph 2 above, applying as a statewide program, will then be considered for funding for the amounts over \$300,000 for which they have applied.

All cooperative agreement awards will be executed by the Grants Officer.

Section VI

EVALUATION PLAN

This section outlines the procedures the government will use to evaluate (see Section V., paragraphs D. and E.) acceptable applications to determine which are the most meritorious for award consideration. The government contemplates that multiple awards will be made as a result of the applications received in response to this SCAA.

A. EVALUATION FACTORS.

Listed below are the factors that will be used to select those applicants that best meet the purpose and objectives of the PTA program. Applications will be evaluated for merit and compliance with the SCAA requirements. In order to provide full consideration of the applicant's qualification for an award, each applicant should ensure that the information furnished is current, accurate, and complete. The content should be presented in a manner that will allow evaluators to determine the applicant's understanding of the SCAA and the operating environment desired in PTACs. Failure to provide the information requested may adversely impact the assessment of the application's merits. The government reserves the right to verify information provided by the applicant for evaluation purposes and to request additional supporting information, if needed. **The evaluation factors (in order of importance) are:**

1. **Past performance & experience.** Existing programs currently being funded pursuant to Chapter 142, Title 10 U.S.C. with a successful past performance record will be given significant weight for this factor. For all other applicants, this factor, while still the most important factor, will not contribute as significantly to the merits of the overall application. Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. The government is seeking to determine whether the applicant has consistently demonstrated a commitment to client satisfaction and timely delivery of quality service.
 - a. The government will evaluate the quality of the applicant's past performance record of providing Procurement Technical Assistance services. Similar experience gained in other programs or employment will also be reviewed. An applicant with an exceptional record of past performance will receive a more favorable evaluation than another whose record of past performance is merely acceptable, even though both may have otherwise equally acceptable applications.
 - b. When investigating an applicant's past performance, the government will consider the information in the application and information obtained from other sources, such as past and present clients, DLA field offices, other DoD offices and other government agencies.

- c. When the government cannot determine an applicant to have any significant relevant past performance, a neutral rating will be given under this factor and additional weight will be given to factor 2.a. below.
- 2. **Resources.** The government will evaluate the applicant's available resources and how they will be used to provide acceptable PTA Program services. These resources should include:
 - a. Personnel to be comprised of individuals who are qualified to counsel and advise business firms/clients on how to seek, obtain and perform on prime contracts and subcontracts. Personnel qualifications should relate to the services being offered by the applicant. Each applicant must demonstrate the adequacy of the knowledge and experience of its staff to provide counseling and PTA to business firms that market or desire to market their products and services to federal, state and local governments. The number of years of staff procurement experience (including government and industry experience), procurement related training, and the relevance and timeliness of education, training and experience will be evaluated. The applicant must relate the technical qualifications of its staff to the counseling to be provided to clients. To be considered during the evaluation process, an employee must spend at least 25 percent of his/her time working on the program.
 - b. Facilities, equipment and supplies that directly contribute to providing acceptable PTA services such as internet access, professional subscriptions, possession of or access to databases necessary for client counseling, etc.
- 3. **Management.** Each applicant will be evaluated on its management approach to implement a PTA Program. The evaluation will include an assessment of the overall strength and soundness of the organization. Specific management areas to be reviewed will include, but not be limited to:
 - a. an understanding of the program requirements.
 - b. plans, policies and procedures for overall program management.
 - c. plans, policies and procedures for maintaining and improving staff proficiency.
 - d. procedures for identifying and resolving problems that impact the program .
- 4. **Costs.**
 - a. The nature and types of in-kind matching funds will be evaluated to determine the degree that these in-kind funds will directly contribute to the success of the applicant's proposed program. The greater the degree that these contributions can be shown to directly benefit the successful operation of the proposed program, the more meritorious the application will be considered.

b. Cost realism will be evaluated on the basis of the applicant's ability to deliver the scope of the work required for the costs proposed. Costs reflected in the application determined to be unrealistic, will be treated as an indication of the applicant's lack of understanding of the requirements of the program and/or the methods that must be utilized and their related cost in order to provide the PTA services proposed.

B. OTHER.

Should applicants become equal or nearly equal in terms of the factors shown above, other factors may be used as discriminating elements for determining the selection of applications among otherwise substantially equal applicants. These factors (in order of importance) are:

1. Demographic and geographic make-up, to include population and unemployment;
2. Methods employed to stimulate outreach efforts aimed at small disadvantaged businesses, small women-owned businesses; and
3. Other strengths and weaknesses of note demonstrated in the application.

Section VII

POST AWARD ADMINISTRATION

This section sets forth the policies and procedures that will be followed in administering cooperative agreements. It also defines the allowability of certain cost, the procedure for recipients to request payment, and other post award topics.

A. GENERAL

1. Cooperative agreement awards are assigned to field administration activities in accordance with DoDGARs Section 22.710. Location of the Office of Naval Research (ONR) administrators can be found on the Internet at: <http://www.onr.navy.mil/02/024/offices.htm>. Locations for Defense Contract Management Agency (DCMA) offices can be found at <http://www.dcma.mil>.
2. Cooperative agreements may only be terminated by a Grants Officer (GO).
3. Revisions to the budget must be made in accordance with the applicable DoDGARs provisions.
4. The AGO reserves the right to withhold payment where the recipient fails to submit a proper, complete and accurate DLA Form 1806 "Procurement Technical Assistance Cooperative Agreement Performance Report."
5. If the recipient charges or plans to charge a fee for PTA given to business firms/clients, or receives any other income as a result of operating the PTA, the amount of such reimbursement must be added to TPC.
6. In the event funds are added to the program, the reimbursable ratio will not be affected and the funds will not require allocation by object class category. However, total funds expended during the effective period shall be reported on the DLA Form 1806 "Procurement Technical Assistance Cooperative Agreement Performance Report." The expenditure of additional funds shall be made in accordance with the applicable cost principles.
7. Subsequent to award, the transfer of costs among object class categories with costs entered on the Standard Form (SF) 424A "Budget Information — Non-Construction Programs" in excess of 10 percent of TPC requires prior approval from the AGO.
 - a. The government will not reimburse the cooperative agreement recipient for costs transferred in excess of 10 percent of TPC at the time of cooperative agreement award unless such transfer had the prior approval of the AGO;
 - b. The cooperative agreement recipient shall notify the AGO, in writing, when the total cumulative dollar value of costs transferred among object class categories equals 10 percent of TPC;
 - c. Upon requesting and receiving approval for the transfer of costs from the AGO, the cooperative agreement recipient shall not be entitled to any additional transfers without prior approval; and
 - d. After receiving prior approval for any transfers of costs from the AGO, the government will not reimburse costs for subsequent transfers made by the cooperative agreement recipient without prior approval.

8. Recipients may submit requests for approval of budget changes on a periodic basis, but not more often than quarterly. Request for approval of budget changes shall be submitted on a SF 424A concurrently with the quarterly submission of the SF 269 “Financial Status Report (Long Form).”
 - a. Non-distressed budget. Direct costs, object class categories, as set forth in the recipient’s application or as amended through the issuance of a cooperative agreement modification, shall be entered in column (1). Revisions (dollar value of the proposed change) to the aforementioned direct costs, object class categories shall be entered in column (3), and the resulting totals [column (1) plus or minus column (3)] shall be entered in column (5).
 - b. Distressed budget. Direct costs, object class categories, as set forth in the recipient’s application or as amended through the issuance of a cooperative agreement modification, shall be entered in column (2). Revisions (dollar value of the proposed change) to the aforementioned direct costs, object class categories, shall be entered in column (4), and the resulting totals [column (2) plus or minus column (4)] shall be entered in column (5).
9. Recipients may not carry unobligated DoD balances to the subsequent funding period. DoD funds obligated for the base year and each option period may only be spent during the effective period of the base year or option period. The AGO will deobligate unspent funds upon the expiration of the base year and each option period. This deobligation will generally be accomplished within 120 calendar days after completion of the performance period. For example, DoD funds in the amount of \$8,000 that are not spent during the base year shall be deobligated, and cannot be carried over to an option period.
10. Costs for PTACs to obtain membership in business, technical and professional organizations are allowable, when the benefit from the membership is related to the PTA Cooperative Agreement Program. Cost of membership for individual PTA employees is not allowable without prior AGO approval in accordance with 32 CFR 32.27 and 33.22.
11. Recipients are authorized to use GSA’s subscription schedules. Usage is limited to subscription services only.
12. Costs incurred to assist business firms/clients in pursuing claims or protests against the government are not allowable.
13. Indirect costs and/or indirect rates incorporated into any specific award period are subject to downward revision only. However, these rates can be adjusted (either upward or downward) for an option period(s). See Section VIII, paragraph E.
14. Subsequent to award, cash may be substituted for in-kind contributions. However, the recipient may not substitute in-kind contributions for cash contributions.
15. For any program income generated subsequent to the effective date of this award, such program income shall be handled in accordance with DoD GAR 32.24(b)(1) or 33.25(g)(2) as applicable. For any program income not expended prior to the expiration of the award period, such program income may be carried over to a

subsequent award period. That percentage of the program income equal to the applicant's percentage share of program costs for the year in which the program income was earned may be used as cost matching funds.

The Administrative Grants Officer will perform the following functions associated with this Agreement:

19. Negotiate documents for settlement of partial and complete terminations for convenience

20. Accomplish administrative closeout procedures and provide a copy of the DD Form 1594, Contract Completion Statement or Closeout Memorandum to the GO.

23. The AGO or designated representative will, utilizing a standardized format, periodically review the recipient's performance under the cooperative agreement to include, but not be limited to:
 - a. Management control systems;

C. REPORTING

1. Recipients shall immediately notify the AGO of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions that materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.
2. The DLA Form 1806 "Procurement Technical Assistance Center Cooperative Agreement Performance Report" shall be submitted in accordance with paragraphs E. and F. of Section III of this SCAA.
3. Recipients are required to submit two copies of SF 269 "Financial Status Report (Long Form)" on a quarterly basis beginning 90 calendar days after award of an agreement to report the status of PTA funds. The report is due not later than 30 calendar days after the end of each quarter to the cognizant administration activity. A final SF 269 must be submitted not later than 90 calendar days after the expiration of the PTA cooperative agreement's effective date.

D. PAYMENT

1. The recipient shall submit requests for reimbursement of the government's share of total costs incurred to the cognizant AGO for certification that the request is true and correct and all services from the recipient have been

provided. Recipients may submit requests for reimbursement of the government's share of total costs incurred to the AGO on a periodic basis, but not more often than monthly.

2. Recipient shall submit a completed SF 270 "Request for Advance or Reimbursement" when requesting reimbursement.
3. For the purpose of reimbursing allowable costs, the term "costs" includes only:
 - a. Those recorded costs that, at the time of the request for reimbursement, the recipient has paid by cash, check, or other form of actual payment for items or services purchased directly for the PTA program; or
 - b. Those costs incurred, but not necessarily paid.
4. Prepaid expenses will be reimbursed on an accrual basis.
5. At any time before final payment, the AGO may have the recipient's invoices or vouchers and statements of costs audited. Any payment may be:

 - b. Adjusted for prior overpayments or underpayments.
6. Recipient's are required to furnish a final reimbursement request for services rendered within 90 calendar days after the expiration of the agreement's effective period. The recipient must type or print in block letters "FINAL REQUEST" across the top and bottom of the SF 270. **The government is not liable for the payment of any reimbursement request received more than 90 calendar days after expiration of the agreement's effective period.**
7. Recipients are required to register in the DoD Central Contractor Registration (CCR) database in order to receive payment. See Clause O. "Payment by Electronic Funds Transfer-Central Contractor Registration" in Section IX of this SCAA.

Important notice: All CCR registrants are validated through the Commercial and Government Entity (CAGE) system. If you do not have a CAGE Code, one will be assigned to you. For additional information see the Defense Logistics Information Service (DLIS) website at <http://www.dlis.dla.mil/>. The recipient is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on the inaccurate incomplete data. To remain registered in the CCR database after the initial registration the recipient is required to confirm on an annual basis that its information in the CCR database is accurate and complete. Information on registration and annual confirmation requirements may be obtained by calling 1-888-227-2423, or via the Internet at <http://www.ccr.gov/>.

E. RIGHTS TO AUDIT

1. Recipient shall maintain and the AGO or duly authorized representative shall have the right to examine and audit books, records, documents and other evidence, and accounting procedures and practices, sufficient to verify if all costs claimed to have been incurred in the performance of the cooperative agreement award are recorded therein.
2. The awarding agency, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the cooperative agreement award in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient's personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.
3. Each state and local government entity that receives federal funding is required to have audits performed in accordance with the requirements of their governing body. Nonprofit organizations and institutions of higher education are required to have audits performed in accordance with the requirements of OMB Circular A-133.
4. The following OMB Circulars will be used to determine allowable costs in the performance of the program:
 - a. OMB Circular A-21, Cost Principles for Educational Institutions.
 - b. OMB Circular A-87, Cost Principles for State and Local Governments.
 - c. OMB Circular A-122, Cost Principles for Nonprofit Organizations.

Copies of OMB Circulars may be obtained on the internet at:

http://www.whitehouse.gov/omb/grants/grants_circulars.html

F. ALTERNATIVE DISPUTES RESOLUTION (ADR)

It is DoD policy to resolve disputes by mutual agreement at the grant officer's level. ADR procedures are any voluntary means used to resolve issues in controversy without resorting to formal administrative appeals or litigation. ADR procedures include, but are not limited to, assisted settlement negotiations, conciliation, facilitation, mediation and fact-finding. In order to use ADR procedures, both parties must agree to use ADR and the particular form of ADR to resolve all or part of any matter. ADR procedures supplement other dispute resolution techniques.

A dispute resolution communication that is between a neutral person and party to alternative dispute resolution proceedings, and that may not be disclosed under 5 U.S.C. 574, is exempt from disclosure under the Freedom of Information Act (5 U.S.C. (b)(3)).

Section VIII

OPTION TO EXTEND THE TERM OF THE COOPERATIVE AGREEMENT

A. DURATION.

As stated in Section I, paragraph J., cooperative agreements will be awarded for a base year (of 12 months duration) and four option periods. Each option period will normally be of a 12 month duration. However, the government may elect at any time to propose an option period of other duration on an agreement-by-agreement basis.

B. NOTICE.

The government will give the recipient preliminary written notice of whether or not it intends to exercise an option. Such notice will normally be provided at least 90 calendar days prior to the date that the government intends to exercise the option. This notice does not commit the government to exercise the option. The term “exercise the/an option” means the Grants Officer will provide written notice to the award recipient, the cognizant administration office and the payment office that the cooperative agreement award performance period has been extended for a specific length of time, that additional funds for this purpose have been obligated, and that modifications (as applicable) have been made to the agreement budget, goals, etc.. The Government may exercise an option at any time prior to expiration of a cooperative agreement.

C. GOVERNMENT’S OBLIGATION.

The award of a cooperative agreement for a base year with option periods does not obligate the government to exercise any option(s) nor does it guarantee the recipient that the option(s) will be exercised. The Government at its sole discretion may elect not to exercise an option(s). The determination to exercise or not to exercise an option will be made on a program-by-program basis. Compliance with the terms of the cooperative agreement award and the availability of funds shall be paramount, although not exclusive, in the decision whether or not to exercise an option. The Government may at any time prior to the actual exercising of an option , rescind, without obligation, its intent to exercise an option.

D. UNOBLIGATED FUNDS.

Recipients may not carry unobligated DoD balances to a subsequent funding period. DoD funds obligated for the base year and each option period must be spent during the effective period of the base year or option period. For example, if DoD funds in the amount of \$5,000 are not spent during the base year they shall be deobligated, and cannot be carried over to an option period.

E. OPTION YEAR(S) REQUIREMENTS.

Upon receiving written preliminary notice that the government intends to exercise an option, the recipient will also be requested to furnish to the Grants Officer the documentation listed below, which will be applicable to the proposed option period. The government will not proceed to exercise an option until the Grants Officer receives the following:

1. The SF 424 “Application for Federal Assistance”; this document must be signed by an individual authorized to legally bind the applicant.
2. A certification of cost matching funds availability.
3. Current negotiated indirect rate memorandum (if applicable) if your indirect rate has changed from the prior year or a statement that the rate has not changed.
4. The on-line sources of program funding submission. This submission must clearly identify all sources of funding and specify whether this funding is “cash” or “in-kind”.
5. The on-line SF 424A “Budget Information – Non-Construction Programs” with supporting information. This submission must specifically identify all of the estimated costs associated with the program. **Your budget submission cannot anticipate “Program Income” as part of your initial total program cost.**
6. The on-line DLA 1806 submission showing proposed PTA Program Goals for the proposed option period.
7. Any other documentation or information as may be specified by the Grants Officer.

F. LIMITATIONS

The total amount of DoD funding for any program in any option year shall not exceed the total amount obligated by DoD for the current year, unless it has been announced in the *Federal Register* pursuant to paragraph K, Section I, that additional funds are available. If such an announcement is made, existing programs may request additional funds (subject to the statutory limits stated in paragraph F., Section I), however, the provisions of paragraph D., Section V, shall apply in determining the distribution of additional funds. The percentage of DoD’s share of total net program cost for any option year generally shall not be greater than the percentage of DoD’s share of total program cost for the base year award.

Section IX

Clauses

The following clauses apply to any cooperative agreement awarded as a result of this SCAA:

A. Officials not to benefit.

No member of or delegate to Congress, or resident commissioner, shall be admitted to any share or part of this agreement, or to any benefit arising from it. However, this clause does not apply to this agreement to the extent that this agreement is made with an eligible entity for the eligible entity's general benefit.

B. Gratuities.

1. The right of the recipient to proceed may be terminated by written notice if, after notice and hearing, the agency head or a designee determines that the recipient, its agent, or another representative –
 - a. offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and
 - b. intended, by the gratuity, to obtain the award of a cooperative agreement or favorable treatment under a cooperative agreement.
2. The facts supporting this determination may be reviewed by any court having lawful jurisdiction.
3. If this agreement is terminated under paragraph B1 above, the Government is entitled
 - a. to pursue the same remedies as in a breach of contract; and
 - b. in addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10 times the cost incurred by the recipient in giving gratuities to the person concerned, as determined by the agency head or a designee.
4. The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law under this agreement.

C. Covenant against contingent fees.

1. The applicant warrants that no person or agency has been employed or retained to solicit or obtain this cooperative agreement upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this agreement without liability or, in its discretion, to deduct from the agreement price or consideration, or otherwise recover, the full amount of the contingent fee.
2. "Bona fide agency," as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing

business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

3. “Bona fide employee,” as used in this clause, means a person, employed by a recipient and subject to the recipient’s supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain an agreement nor holds out as being able to obtain any agreement through improper influence.
4. “Contingent fee,” as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing an agreement.
5. “Improper influence,” as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding an agreement on any basis other than the merits of the matter.

D. Military recruiting on campus.

This is to notify potential applicants that each cooperative agreement that is awarded under this solicitation to an institution of higher education shall incorporate the following clause:

“As a condition for receipt of funds available to the Department of Defense (DoD) under this award, the recipient agrees that it is not an institution of higher education (as defined in 32 CFR Part 216) that has a policy of denying, and that it is not an institution of higher education that effectively prevents, the Secretary of Defense from obtaining for military recruiting purposes: (A) entry to campuses or access to students on campuses; or (B) access to directory information pertaining to students. If the recipient is determined, using procedures in 32 CFR Part 16 to be such an institution of higher education during the period of performance of this agreement, and therefore to be in breach of this clause, the Government will cease all payments of DoD funds under this agreement and all other DoD grants and cooperative agreements to the recipient, and it may suspend or terminate such grants and agreements unilaterally for material failure to comply with the terms and conditions of award.”

E. Anti-Reserve Officer Training Corps.

No funds appropriated or otherwise available to the DoD may be obligated by contract or by grant (including a grant of funds to be available for student aid) to any institution of higher education that, as determined by the Secretary of Defense, has an anti-ROTC policy and at which, as determined by the Secretary, the Secretary would otherwise maintain or seek to establish a unit of the Senior Reserve Officer Training Corps or at which the Secretary would otherwise enroll or seek to enroll students for participation in a unit of the Senior Reserve Officer Training Corps at another nearby institution of higher education. The term “anti-ROTC policy” means a policy or practice of an institution of higher education that –

1. Prohibits, or in effect prevents, the Secretary of Defense from maintaining or establishing a unit of the Senior Reserve Officer Training Corps at that institution, or
2. Prohibits, or in effect prevents, a student at that institution from enrolling in a unit of the Senior Reserve Officer training Corps at another institution of higher education.

F. Royalty.

DLA has a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, any copyrighted materials and reports which shall have been developed under this cooperative agreement. The recipient also hereby agrees to notify and provide three copies of any copyrighted materials developed under this cooperative agreement to the GO/AGO.

G. Restriction on disclosure and use of data.

Applicants who include in their applications data that they do not want disclosed to the public for any purpose or used by the Government except for evaluation purposes, shall provide a cover page to their SF 424 with the following statement:

“This application includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed – in whole or in part – for any purpose other than to evaluate this application. If, however, an agreement is awarded to this applicant as a result of – or in connection with – the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting agreement. This restriction does not limit the Government’s right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets (insert numbers or other identification of sheets);”

This restriction does not limit the Government’s right for internal use of the information contained in this application.

H. Order of precedence.

Any inconsistency in this agreement shall be resolved by giving precedence in the following order:

1. Title 10, USC, Chapter 142, as amended;
2. DoD Grants and Agreement Regulations 32 CFR parts 21-34.
3. Office of Management and Budget Circulars; and
4. The cooperative agreement award document.

I. Requirement restricting recipients from establishing, operating, or maintaining value added networks (VAN) or recommending specific VANs for use by their clients.

1. Cooperative agreement recipients shall not use PTA funds to establish, maintain or operate VANs.
2. Any recommendation of a specific VAN by a PTAC shall carry a disclaimer similar to the following : "Notwithstanding that DLA provides funding for the Procurement Technical Assistance Centers, no recommendation or endorsement by DoD or DLA regarding any Value Added Networks (VANs) is expressed or implied"

J. Extension of effective period.

The recipient may request and the AGO may approve an extension of the effective period of the cooperative agreement not to exceed 60 calendar days. The request must be in writing, must include the supporting reasons for the request along with the revised expiration date, and must be received by the cognizant AGO at least 10 calendar days before the expiration date of the effective period specified in the award document and any modifications issued thereto. Extension may not be exercised merely for the purpose of using unobligated balances.

K. Termination.

1. The Government may terminate this Agreement at any time before expiration of the effective period providing the AGO or GO gives the recipient at least 15 calendar days written notice. Possible conditions that are considered to be cause for termination are:
 - a. failure of the recipient to meet cost sharing requirements;
 - b. unsatisfactory performance of PTA Cooperative Agreement program requirements;
 - c. reporting inaccurate or inflated reports of budget and expenditures, goals, or client assistance;
2. The recipient may request termination of this agreement upon giving at least 15 calendar days written notice to the GO through the AGO.
3. The agreement will be terminated by the GO upon receipt of a written request from the recipient, giving at least 15 calendar days prior notice.
4. All terminations will be processed as terminations for convenience. Termination settlements will be performed by the AGO.

L. Availability of funds. The Government's obligation under this cooperative agreement is contingent upon the availability of appropriated funds. No legal liability on the part of the Government for any payment may arise until funds are made available to the GO and the recipient receives notice of such availability, confirmed in writing by the GO.

M. Notice of intent to disallow budgeted costs.

1. Execution of the cooperative agreement document does not affect –
 - a. The GO/AGO's right to disallow budgeted costs and recover any funds due as a result of budget changes and corrections, expenditures, other transactions and –
 - b. Audit requirements.
2. Approval of the recipient's budgeted cost elements does not imply the reasonableness, allowability and allocability of the costs contained therein. In determining the reasonableness, allowability and allocability of costs incurred for the PTA Cooperative Agreement Program, the DoDGARs, applicable cost principles and terms and conditions of the cooperative agreement award will govern.

N. Notice of intent to disallow costs incurred below cooperative agreement recipient level (first tier).

1. Notwithstanding all other terms and conditions of this cooperative agreement, the GO/AGO may –
 - a. At any time issue to the cooperative agreement recipient a written notice of intent to disallow subcontract, subagreement and any other planned or incurred costs by the recipient which are determined not to be allowable under the terms of this agreement.
 - b. Limit the payment of cost, below the cooperative agreement recipient level (first tier), to those which implement or execute the purposes of the cooperative agreement program and which are allowable and allocable to the PTA.
2. Notwithstanding any arrangements, subcontracts and/or agreements entered into by the cooperative agreement recipient with other organizations and/or contractors, DoD is not responsible for any cost incurred by the cooperative agreement holder that exceed what is allowable and allocable under the provisions of the SCAA and the applicable cost principles.

O. Payment by Electronic Funds Transfer-Central Contractor Registration.

(a) Method of payment.

(1) All payments by the Government under this agreement shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Award recipient agrees to either-

- (i) Accept payment by check or some other mutually agreeable method of payment; or
- (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).

(b) Award recipient's EFT information. The Government shall make payment to the Award recipient using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Award recipient shall be responsible for providing the updated information to the CCR database.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. If the Award recipient's EFT information in the CCR database is incorrect, then the Government need not make payment to the Award recipient under this agreement until correct EFT information is entered into the CCR database; and any invoice or agreement financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this agreement. The prompt payment terms of the agreement regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Award recipient EFT arrangements. If the Award recipient has identified multiple payment receiving points (*i.e.*, more than one remittance address and/or EFT information set) in the CCR database, and the Award recipient has not notified the Government of the payment receiving point applicable to this agreement, the Government shall make payment to the first payment receiving point (EFT information set or remittance address as applicable) listed in the CCR database.

(f) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Award recipient's EFT information incorrectly, the Government remains responsible for-

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Award recipient's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Award recipient is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(g) *EFT and prompt payment.* A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this agreement if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(h) *EFT and assignment of claims.* If the Award recipient assigns the proceeds of this agreement as provided for in the assignment of claims terms of this agreement, the Award recipient shall require as a condition of any such assignment, that the assignee shall register in the CCR database and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Award recipient.
